## EMPLOYMENT HISTORY

### IT Support / Document Control Analyst

Sep. 2017 - Feb 2020

#### FLEX

Cork

- Provided technical support and consultancy to all departments. Produced and maintained technical documentation and user guides for all relevant IT systems.
- Entered data from source documents to the system in a timely and accurate manner. Reviewed data for deficiencies or errors, corrected incompatibilities, and checked output.
- Worked with preliminary schematics, part lists, and basic description of component function, configuration, and arrangement as defined by engineering.
- Responded to and resolved queries via online chat portal and phone. Performed routine IT activities such as back-ups. Active Directory and Google Admin Management as well as providing support when required.

### 2020 ISO 50001 Energy Compliance Coordinator

Jun. - Sep. 2017

#### CORK INSTITUTE OF TECHNOLOGY

Cork

- Carried out energy audits in CIT campus and the Crawford College of Art Design. Compiling the data and creating reports.
- Created surveys on energy usage in the organisation. Generated a report on the findings.
- Participated in creating an awareness of energy within CIT, education staff in energy management.

**QUALITY ENGINEER**  
**BOSTON SCIENTIFIC**

Aug. - Dec. 2015  
Cork

- Worked on a short-term contract basis supporting the MES Applications Team in a major software upgrade project. My role was validating reports generated by the newer version of the software with legacy reports and reporting deviations wherever they occurred.
- Maintained GMP compliance documents for Engineering.
- Reviewed key GMP documents such as GMP standard operating procedures, specifications, process flow diagrams as appropriate to area of responsibility.
- Assisted with document reviews and technical writing and approval of change requests for product, process and quality system changes as per the change control.

**VALIDATION ASSISTANT**  
**ALCON (NOVARTIS)**

Internship

Jan. - Aug. 2015  
Cork

- Assisted with IT security and Risk Management within a strict GxP environment through the Risk Assessment Team.
- Assisted with the creation of technical documents. Observed various teams on commissioning and validation of various legacy systems.

**Achievements:**

- Worked with the IT department on two occasions in troubleshooting issues with handheld scanners which lead to stoppages on the production line.
- Assisted with the implementation and promotion of a Data Integrity program.

**FURTHER EDUCATION**

- 2009 - 2012 | **BA Major – History / English** | University College Cork
- 2016 - 2017 | **Diploma in Biopharmaceutical Manufacturing Operations** | Cork Institute of Technology
- 2016 | **BioPharmaChen, Medicinal and Pharmaceutical Chemistry / Medical Device** | Dublin Institute of Technology (online course)
- 2014 - 2015 | **Medical Software Quality Assurance Programme (JSSP)** | University of Limerick
- 2019 French A1 Level | Alliance Française Cork

---
